

Welcome to Grove City Christian Elementary School!

From the first steps in Pre-Kindergarten through the fourth grade preparation for intermediate school, we are excited for the opportunity to prepare your student to be a solid Christian leader who impacts their world for Christ. It is our desire to work together with our parents to equip each student for the future as we support their academic, spiritual, emotional and social growth. We will focus on teaching 21st century skills, while providing a nurturing, safe and orderly environment. Using data to inform our instruction and instructional strategies to increase achievement, it is our mission to build a strong foundation for excellence as we partner with Bible-believing families. We are excited for what God is doing at Grove City Christian Elementary, and would be privileged to partner with your family!

Mr. David Muschott

Elementary Principal
